# Thank you for downloading!

These are simple Mother's Day activities that could work for a variety of grades/age levels.

## I have included:

- A simple sheet/card; "A BUNCH of reasons why I love my mom."
  - A fill in book; "My Mom is Special"

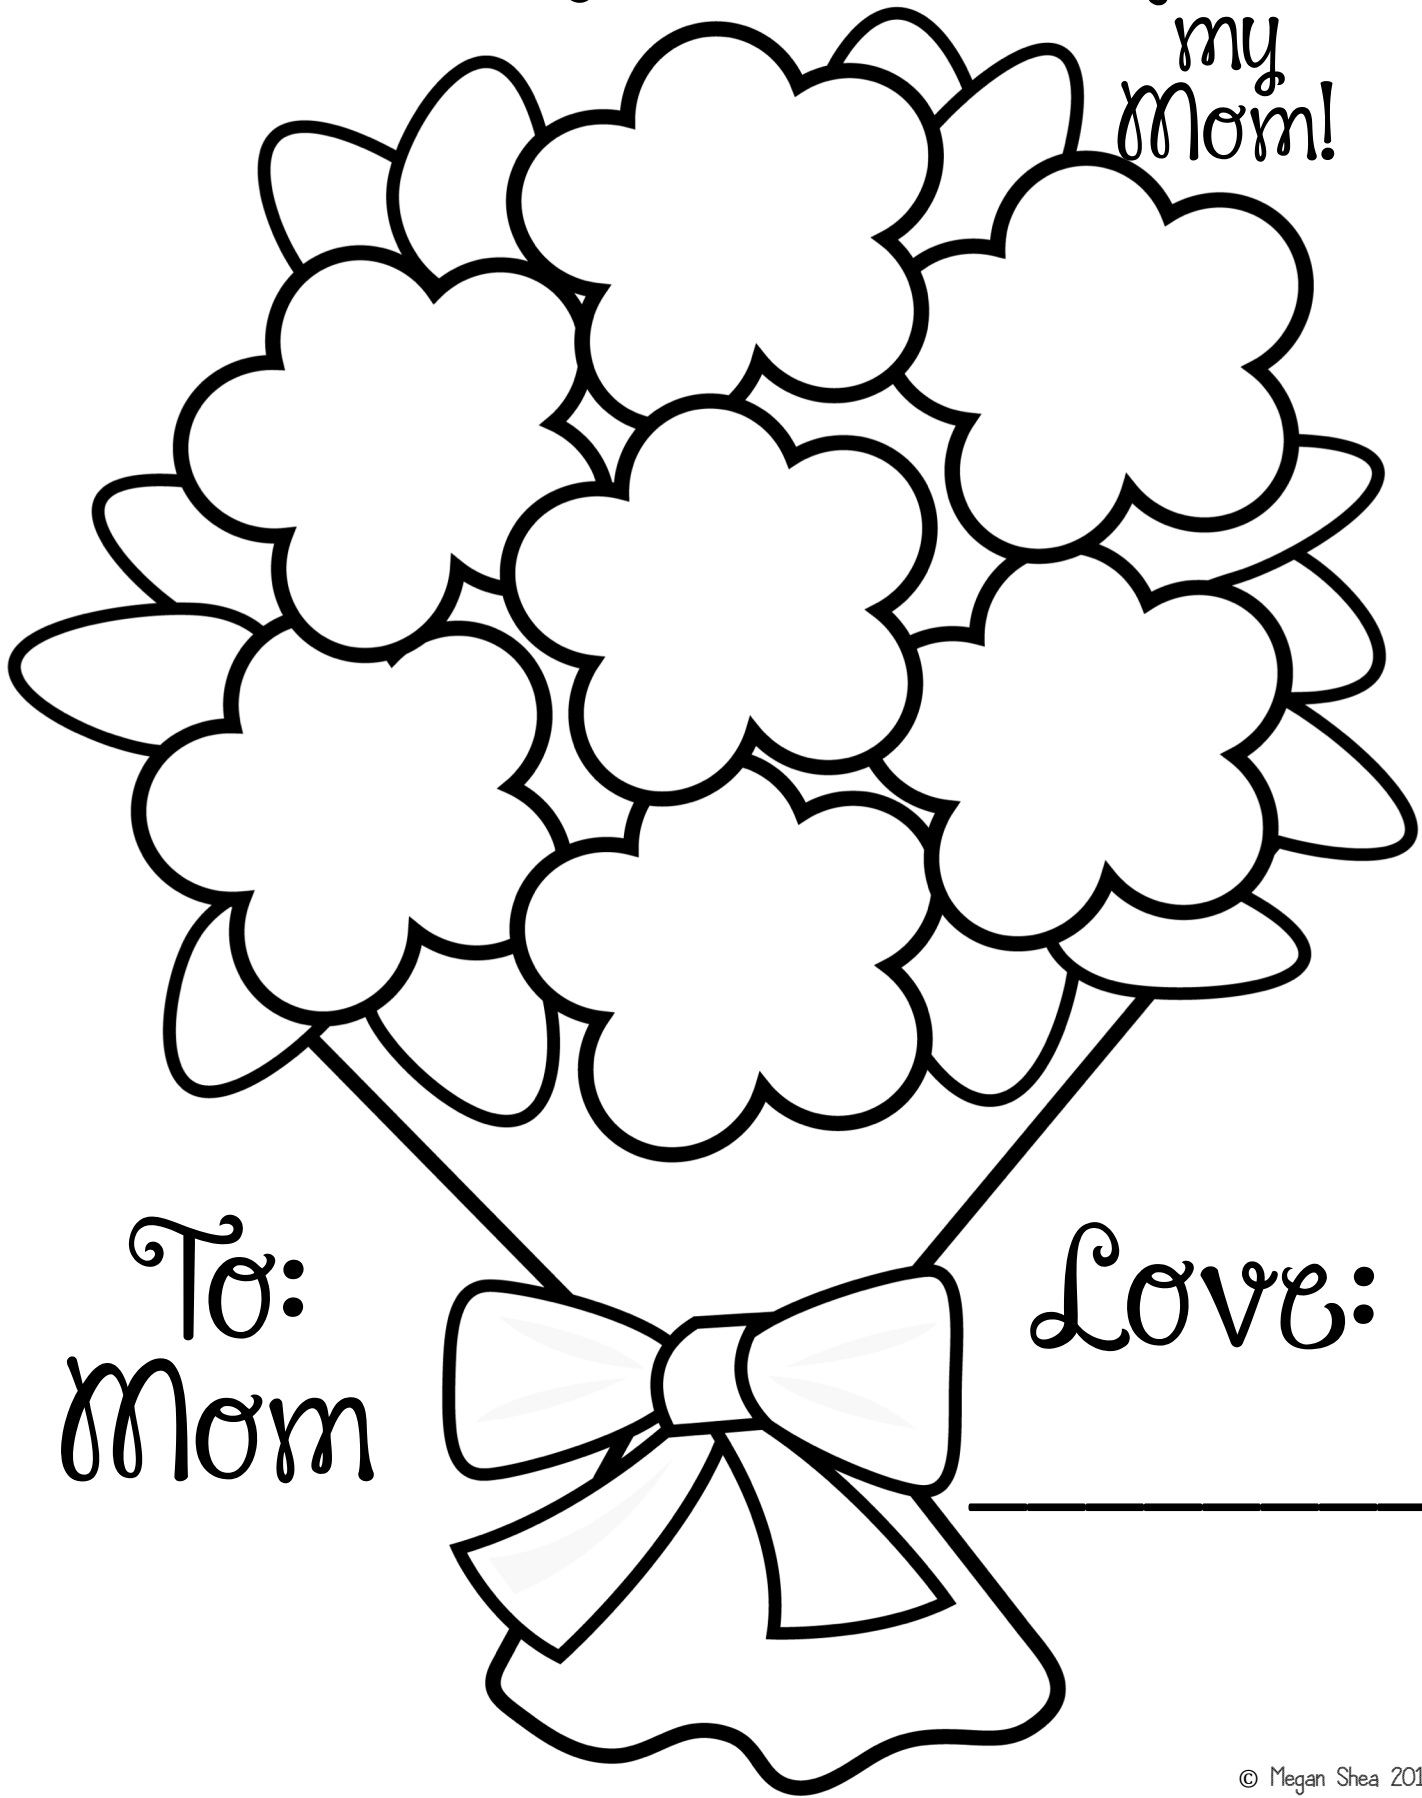

The sheet/card is very simple, depending on your students' age you will either have to have them write in or you can write in things that they love about their mom (one thing in each flower). I have included a few different templates in case a child needs to fill in something else besides mom.

The book is simple as well. Your students (again depending on age level) will have to fill in the blanks and then draw pictures to match. Then just cut down the middle and staple.

I hope you enjoy these fun activities! Please leave feedback to let me know how you like them!
